

Pony Club Team of the Year

The competition for the Pony Club Team of the Year is fierce, as every Pony Club area wants to have their team galloping the victory lap around the Premier arena at New Zealand's biggest horse show.

Each team represents one of the NZPCA's fifteen areas. There are four riders in each team, two on ponies and two on horses. The heights of the showjumps are 1.05 and 1.10 metres respectively and it is run under Nations Cup rules.

For the Pony Club riders, this is a wonderful opportunity to represent their area at the Horse of the Year Show and to ride courses designed by world class course builders. Winning the class will certainly be one of the highlights of their Pony Club years.

By including this competition in this prestigious show, Equestrian Sports NZ is acknowledging the importance of NZPCA's coaching ethic in producing the high performing riders of the future.
